

2nd Antarctic Conference: Minutes + Resolutions + List of delegates, 8-14 September 1955 (in French). With Annexes: International Collaboration in Medical and Research Work on the Antarctic Expeditions, 1957 + Provisional list of radio stations operating in the Antarctic during the International Geophysical Year, 23.8.55.

Resolutions of Arctic Conference, Stockholm, May 22-25 1956 + Delegations to the Arctic Conference and their Swedish hosts + The organisation of Polar Bases, 6.6.56.

Provisional Agenda for the 3rd Antarctic Conference, Paris July 30 – August 3 1956.

Weather Ships in the Southern Hemisphere, submitted by The South African Weather Bureau + Map of stationary weather ships in the Southern Hemisphere during the International Geophysical Year 1957/58.

Minutes of a meeting to discuss reports on Bouvet Island reconnaissance and to plan future action, 25.2.55.

Report of S. African Weather Bureau's Reconnaissance of Bouvet Island by L.Q. Hayward. Extracts, in English, from *Fangst Og Forkning I Sydishavet* by Bjarne Aangaard based on various "Norwegia" expeditions to Bouvet Island in 1927 to 1930.

Letters from G.M. Grunwaldt (Capitan de Navio) containing lists of radio stations operating in the Antarctic during the IGY, 28.3.56 + schedule concerning mother and daughter stations, 28.3.56.

An account of United Kingdom mapping of the Antarctic Continent + Map of the Falkland Islands Dependencies produced by the Directorate of Colonial Surveys, 1.7.56.

World Meteorological Organisation: Station index numbers and meteorological codes for use in the Antarctic during the International Geophysical Year + Annex: Scheme for allocation of station index numbers + Maps of stations.

3rd Antarctic Conference: Working Group on Radio Transmissions: Items for Discussion + List of Delegates + Timetable and Agenda + Working Group on Mapping + Working Group on Seismology + Working Group on Publications + Working Group on Ionosphere, cosmic Rays, Aurorae, Geomagnetism + Resolutions of the 'Gravité' Working Group + Working Group of Glaciology + Working Group on Mutual Logistic Support + Working Group on Oceanography + Working Group on Radio Transmissions + Working Group on Coordination

Comments on I.G.Y. Hemisphere Chart Programme.

Minutes of 2nd Session of the IGY Special Committee: Antarctic Conference: The Working Group of Meteorology, Paris 30 July – 3 August 1956.

Minutes of the 1st, 2nd and 3rd Antarctic Conferences.

World Meteorological Organisation: Working Group on the IYG: Report on the Arctic Conference held at Stockholm from 22 – 25 May 1956 + Report on Meteorology, Convenor: J. van Mieghem + Resolutions on Meteorology + Report on the 3rd Session on the Antarctic Conference held in Paris from 30 July – 3 August 1956 + Final report of the Working Group on Meteorology + Extracts from report of the WMO observer (telecommunications) + Resolution adopted regarding meteorological information from whaling ships and voluntary observing ships in the Southern Hemispheres during IGY.

Arctic Conference, Stockholm, May 22-25, 1956: Delegates to the Arctic Conference + General Report + Resolutions adopted + Introduction Survey of the IGY Program + National reports presented at the Arctic Conference + Reports by Working Groups and Special Reports prepared before the Conference + Lists of Arctic Stations, Revised June 1st 1956 + Manuscripts or abstracts of 5 lectures delivered at the Arctic Conference: 1. The IGY auroral program, by S. Chapman; 2. Geomagnetic observatories in Polar regions, by J. Bartels; 3. The ionosphere IGY program in the Arctic, by A.H. Shapley; 4. The programme of meteorological observations in the Arctic during the IGY, by F.F. Davitaya; 5. The use of rockets in the IGY, by E. Newell Jr.
