REVISED SAILING INSTRUCTIONS **MV SA AGULHAS: MARION ISLAND** **6 – 23 AUGUST 2010**

ORGANISATION OF OPERATIONS AND CONDUCT OF PARTICIPANTS IN THE SOUTH AFRICAN NATIONAL ANTARCTIC PROGRAMME (SANAP)

This document outlines formal policy on organisation of operations and conducts of participants in the SANAP voyages, whether these participants are on board the S.A. Agulhas or any other vessel on a SANAP operation and at bases, and is issued in the interest and well being of all.

A Departmental Co-ordinating Officer-in-Charge (DCO), nominated by the Department of Environmental Affairs (DEA) will assume overall responsibility for co-ordinating the voyage activities, projects, personnel and discipline onboard the vessel and at the base stations. Whilst the Master of the vessel is responsible for the safety and well being of the vessel and all persons aboard in terms of the S.A. Merchant Shipping Act, the DCO will be responsible for ensuring that the voyage instructions are carried out efficiently and effectively. He will achieve this by regular discussions with the recognised Group Leader of each group e.g. the Helicopter Company, NDPW, Scientists, Master, Expedition Leaders, etc. These Group Leaders shall be nominated by their own organisation before the vessel's departure and the DCO will keep the Master fully informed of the day's plans and arrangements where the vessel is involved.

Each Group Leader will be responsible for the well-being and conduct of his/her team. Any problems, complaints, reports of misbehaviour, etc. aboard the vessel or at the base stations/field camps are to be dealt with by the relevant Group Leaders, through or in consultation with the DCO. In the case of persons aboard the vessel, they are NOT to approach the Master directly regarding such matters and vice versa. Nothing less than normal, civilised, home standards of self-discipline and respect for others will be expected throughout the period of absence from South Africa. The Master is responsible for the conduct of the vessel's officers and crew.
