LOGISTIC SUPPORT REQUIREMENTS OVERWINTERING & RELIEF VOYAGE (TAKEOVER) PROJECTIONS FOR DURATION OF PROJECT

PLEASE NOTE:

- The headings differ for the different base stations
- Requirements are to be completed in detail for the duration of your project

ANTARCTICA (SANAE IV)

Year / Project Leader	Number and types of positions of research overwintering expedition members (FOR THE YEAR / excluding relief/takeover personnel)	Number of shore-based relief voyage (takeover) personnel (excluding overwinterers)	Number of ship- based relief voyage (takeover) personnel (usually Oceanographers) (excluding overwinterers)	Dedicated ship's time & sampling locations at sea (NB-attach map) AND equipment requiring deployment, including technical support required	Dinghy (zodiac) use (persons, location/s & time)	Dedicated air support (persons, location /s & time) AND temporary field depot requirements	Cargo requirements & number of DEA containers (including radioactive / hazardous)	Laboratory & office space (on ship and/or at base) AND equipment required	Accessories (specialized vehicle support (skidoos, cranes, etc.), tents, hand held radios, fuel, NDPW support, etc.)
				required					

MARION AND/OR PRINCE EDWARD ISLAND/S

Marion:

Year / Project Leader	Number and types of positions of research overwintering expedition members (FOR THE YEAR / excluding relief/takeover personnel)	Number of shore-based relief voyage (takeover) personnel (excluding overwinterers)	Number of ship- based relief voyage (takeover) personnel (usually Oceanographers) (excluding overwinterers)	Dedicated ship's time & sampling locations at sea (NB-attach map) AND equipment requiring deployment, including technical support required	Dinghy (zodiac) use (persons, location/s & time)	Dedicated air support (persons, location/s & time) AND field hut requirements	Cargo requirements & number of DEA containers (including radioactive / hazardous)	Laboratory & office space (on ship and/or at base) AND equipment required	Accessories (hand held radios, fuel, backpacks, NDPW support, etc.)

Prince Edward:

Year	Number of persons	Number of days on island	Locations (east / west coast, etc.) NB-attach map	With annual Marion voyage / separate dedicated voyage	Dedicated ship's time required	Dinghy (zodiac) use (persons, location/s & time)	Dedicated air support (persons, location/s & time)	Cargo requirements (including radioactive / hazardous)	Accessories (tents, camping equipment, hand held radios, etc.)

GOUGH ISLAND

Year / Project Leader	Number and types of positions of research overwintering expedition members (FOR THE YEAR / excluding relief/takeover personnel)	Number of shore-based relief voyage (takeover) personnel (excluding overwinterers)	Number of ship- based relief voyage (takeover) personnel (usually Oceanographers) (excluding overwinterers)	Dedicated ship's time & sampling locations at sea (NB-attach map) AND equipment requiring deployment, including technical support required	Dinghy (zodiac) use (persons, location/s & time)	Dedicated air support (persons, location/s & time <u>AND</u> cargo requirements / deployments)	Cargo requirements & number of DEA containers (<u>in field</u> & radioactive / hazardous)	Laboratory & office space (on ship and/or at base) AND equipment required	Accessories (tents, camping equipment, hand held radios, fuel, NDPW support, etc.)

OTHER - SPECIFY:

Year	Number and types of positions of research overwintering expedition members (FOR THE YEAR / excluding relief/takeover	Number of shore-based relief voyage (takeover) personnel (excluding overwinterers)	Number of ship-based relief voyage (takeover) personnel (usually Oceanographers) (excluding overwinterers)	Dedicated ship's time & sampling locations at sea (NB-attach map) AND equipment requiring deployment, including technical	Dinghy (zodiac) use (persons, location/s & time)	Dedicated air support (persons, location/s & time)	Cargo requirements & number of DEA containers (including radioactive / hazardous)	Laboratory & office space (on ship and/or at base) AND equipment required	Accessories (specialized vehicle support (skidoos, cranes, etc.), hand held radios, fuel, tents, etc.)
