baie dankie vir jou kersefees
groete en wense vir 'n gelukkige nuwe
jaar. Toe jou brief aangekom het het
my van baie moeite gehad om die
perskade te oorkom om nie die
brief weer saam te neem nie want
die hoewent met al die handtekerings
daarop was baie mooi en dit sal
seker 'n eendag groot waarde hê vir
oujies wat perskeels versamel.
In hierdie instansie gaan alles nog
reg en ek is seker dat hoos vrees
jou baie sal mis en wilsien na
jou terugkoms. Ek het ook oet die
radio gehoor toe jy groete aan jou
ouers laat uitsadi het en het sonne-
lus gevoel om saam met julle
een jaar in Iys en sneeu dewe te
bring. Ek wens jou nou alles van
die beste en baie geluk toe en hoop
dat jy daardie sonderlinge ervaring
in jou lewe geniet. Baie groete
van die warm SA aan die
koue antarktika. Met hartlike groete

Dear Theo

While we are all enjoying the sweltering heat in our lazy leisure hours I cannot help wondering how you you will be spending Christmas amongst the ice bergs etc.

We are all extremely busy making decorations with which we intend to adorn the wards with. Each ward will present a different scene.

I started nursing in a mens ward in february and I stayed in mens wards until the end of september. When I returned from my leave at the end of October I found myself in a womens ward I can assure you that I did not enjoy working in the female ward last month. Fortunately I am back on night duty in a mens ward.

I am looking forward to the 27th of this month. The grand prix is being held here with stirring men and the other drivers.

We intend camping on the night of the ~~25th~~ 26th so as to be able to see the races and also to have a suitable and sheltered spot to spend the day.

Hoping to see you in good health and strength in march when you return home. Also hoping that you will have a bright and cheerfull Xmas and a prosperous new year with a safe return with less or no obstructions on your return journey.
Yours in friendship Adela Wales.
