ANNOUNCEMENT

As from 1986 the South African Journal of Antarctic Research will be published more frequently. At least two numbers per volume (e.g. Volumes 16(1) and 16(2) of 1986) will standardly be issued. Additional numbers may occasionally be issued. The lists of national committee members, project leaders and expedition team members will be carried in the last number of each volume.

From 1986 the Supplement Series, of which to date only two have been issued (i.e. Suppl. 1 of 1976 and Suppl. 2 of 1982), will cease. Monographs will henceforth be carried in a normal number of the Journal, taking up the entire number.

Backnumbers of most volumes issued to date (Vol. 1 of 1971 to Vol. 15 of 1985) are available. Orders may be placed with the Technical Editor, FRD, CSIR, P.O. Box 395, Pretoria 0001, RSA.
